

## TWO DAYS

Killer Mike

I'm just sayin', I make this in two days

It is evident, I do better when

I feel like the world against me and think I should never win

Can I stop it? Pocket profit every time I push a pin

But I do not push a pin, fuck a pin and the pen

That imprisoned all my kin and my partners and my friends

Fuck the politicians that sponsor the prisons that they in

I got partners comin' home from rockin' twenty in the pen

Tryna make amends with baby mamas, get to know they kids

And they cannot sell no marijuana, law won't let 'em in

Man, them crackers let a nigga out, but will not let 'em in (In  
)

It is evident, I do better when

I feel like the world against me and think I should never win

Can I stop it? Pocket profit every time I push a pin

But I do not push a pin, fuck a pin and the pen

That imprisoned all my kin and my partners and my friends

Fuck the politicians that sponsor the prisons that they in

That recruit the pastor, former, current, and ex-president

You can quote it like I wrote it, signature by Michael Ren'

Swear to God that I go hard and that's as hard as MC Ren

I don't need a reverend, I will not show reverence

Auntie say I'm arrogant, I say I'm intelligent

If God truly know my heart, then why would I go bow to men?

Now, I only go to churches where they welcome worthless men

Who had to get it out the mud and rise up out the sediment (Oh)

Catch me early like Sunday school and as clean as my Sunday sui  
t

Pastor play you for fool (Hey), me, I just keep it cool

You tell me, "Trappin' dirty," ask for my dirty money

Talkin' wash away my sins like Jesus opened the laundry (Hey, h  
oo)

I feel like the world against me and think I should never win (I  
should never win)

But I do not push a pin, fuck a pin and the pen

That imprisoned all my kin and my partners and my friends

Fuck the politicians that sponsor the prisons that they in

Like, everybody set, right?

It's like, I wanna be like this

And I don't know how they get like this, but I wanna be like th  
is

I'm thinkin' you got a job, you got parents who you shoot a lil  
'somethin', or you sellin' dope
