

# Nuclear Boy

Killing Joke

Take a look at yourself  
And then look at us  
Take a look at yourself  
And then look at us

I don't need your fruit  
I've got my Vitamin pills  
I said, I don't need nature  
With nuclear thrills

I don't need a girl  
Who's gonna get bust  
Just a blow-up dollie  
For a blown-up earth

Nuclear Boy

I don't need real music  
Just a disco beat  
I said, I don't need the sun  
With nuclear heat

I don't need a name  
When a number will do  
I said, I don't need a brain  
Or a point of view

Nuclear Boy

Watch yourself turn nuclear  
Without even noticing!  
Disposable people  
Disposable lives!
