

## Be One

Killswitch Engage

With conviction You must stand your ground  
Don't be deceived  
Strength is salvation

It is so easy to live the life of a follower

We must kill the idols  
Don't fall prey to seduction  
With single-mindedness We must pursue the Truth

Nevermore the victim  
Let them say that we are not of their world

With the promise of life  
We are strong  
We will carry on

Kill the idols

No more disillusion  
Let them say what they will -what they will-  
Their answer to our higher calling  
Is conceived by their hatred

Nevermore the victim  
Let them say that we are not of their world

With the promise of life  
We are strong  
We will carry on  
With the promise of life  
We are strong  
We will carry on

Be one, for your conviction  
Be one for your devotion You will be hated  
for your dedication You will be hated  
You will be hated

With the promise of life  
We are strong  
We will carry on
