

# I Can't Be the Only One

Killswitch Engage

I never knew the words to say  
At a loss, as the world was falling around me  
I see that look upon your face  
Feeling so desperate as we count down to dismay

How did it ever come to this?  
Pick up the pieces and know something's got to give  
Don't lose your faith  
(Don't lose your faith)  
Try to believe  
(Try to believe)  
That the ends will justify the means

Divided we've become, this fight has just begun  
But I can't be the only one  
Together we overcome with a truth they can't outrun  
But I can't be the only one

I see that look upon your face  
(Your face)  
Feeling so desperate as we count down to dismay  
How did this come to be?  
There's so much more to this than what we all see

Don't lose your passion  
(Your passion)  
Don't lose your love

It can't just be only me  
(Only me)  
It must be us in unity

Divided we've become, this fight has just begun  
But I can't be the only one  
Together we overcome with a truth they can't outrun  
But I can't be the only one

I can't do this on my own  
What have we become when there is no love?  
I gotta believe that things will change

And I believe things will change

Divided we've become, this fight has just begun  
But I can't be the only one  
Just begun, and overcome  
But I can't be the only one

United we overcome  
Undivided we are the sum  
But I can't be the only one
