

To the Great Beyond

Killswitch Engage

Suicide of the mental
In the mind transcendental
Cauterized the wounds of a past life
Beckoning from the birth unto the afterlife

I look beyond this mortal encasement
Severed beyond, beyond containment

I am prepared to die
Hear the battle cry
Feel the spirit fly
To the great beyond go I
I am prepared to die
As I testify
To the great beyond
Go I

Unafraid of my fate
From within burns the will to live

I look beyond this mortal encasement
Severed beyond, beyond this life

I am prepared to die
Hear the battle cry
Feel the spirit fly
To the great beyond go I
I am prepared to die
As I testify
To the great beyond
Go I

Cut down this bitter dissension
Killing the path of ascension
We're holding on to the fear of the next world
This fleeting location amid the many dimensions
I have escaped to death and resurrection
Unafraid of my fate
To the Great beyond go I

I look beyond this life

I am prepared to die
Hear the battle cry
Feel the spirit fly
To the great beyond go I
To the great beyond go I
