

Evil Lives Within

Killwhitneydead

Let's ride to hell and back
Are you with me?
Go!

Let's ride to hell...
Racing this road that's paved for me
Self fulfilling prophecy

I am one more tragedy

Crossing the double lines
Will I make it this time?
Let's turn this town into ash
And we'll never look back

I am one more tragedy

Flames reflecting in my eyes
My heart blazing - now I feel alive
Now I'm alive

I know exactly what I am
Sinner by birth 'til death - condemned and damned

No more tragedy
Evil lives within me
