

Tyrant Enthroned

Killwhitneydead

Tyrant vanquishing all

I am the king - born and bred
Protect this crown upon my head
I'll move the mountains and part the seas
I will trample those who defy me

Those who resist
Will taste defeat
I am the worst hell
They will ever meet

Tyrant upon my throne

Legions amassed - this army of mine
Conquer those who oppose in due time

Those who defy
Will taste defeat
I am the worst hell
They will ever meet

There is no stopping me
You cannot kill me

If you resist
You'll taste defeat
I am the worst hell
You'll ever meet

I am the tyrant from which you hide
Upon a pale horse I ride
There is no way to stop me
There is no way to halt destiny
