

# AGILITY

KILLY

5 hunnid milli streams in the catalog  
That's just on Spotify not even half of them  
I'm independent I dare you to add it up  
I'm really having I really done had enough  
Took this shit global way bigger than Canada  
Probably go sell out a show in Antarctica  
Before I had Marni was rocking that nautica  
Before all this money couldn't sleep I was plotting up  
On how I'ma blow this shit to Andromeda  
Subzero broke the thermometer  
I bought a Rollie but I need the Audemar  
Reading they mind psychic like Gardevoir  
This is not stainless steel this is platinum

Hop in the 488 and I'm passing em  
Hop in a TRX I'ma flatten em  
Free my bro he locked in the maximum  
Around my foes, I stand with my back to them  
If we do not know them, Of course I am taxing them  
This life that I chose yea  
We got this shit cracking  
We got this shit bracking yea  
Pound for pound I'm a heavyweight  
Stand on my money I walk in like 6'8  
I seen a million just off a mixtape  
Trapping the internet come and just press play  
Crabs in the bucket I'm shark in a fish tank  
Stomp on the gas and see blue flames  
Protecting my neck I grew up all on Wu-Tang

Hard to explain I've been going thru mood swings  
I'm on the I got agility  
Pull out my phone Call the artillery  
Cops at the door, Wanna get rid of me  
What do I know, Guess it's a mystery  
All of these stones, Impeccable clarity  
I'm rocking chrome hearts, Leather from Italy  
I'm tryna control These baggy jean tendencies  
I'm in the zone, Check my reality  
Need to go home back to my galaxy  
Pouring a 4, mix it like alchemy  
U see my soul, all in these melody's  
Blowing these o's, to ease the agony

Pulling these strings like a symphony, why would I care if they look  
at me differently, 97 baby it's us 'til infinity  
I got the keys I'ma change my reality
