CHUPACABRA

KILLY

So damn rare like Chupacabra, my come up so catastrophic (yeah, yeah, yeah)
Broski got the arm and hammer, shell it out, collect the profit
My bitch bad like Caribana, shake the ass so astronomic
My bag got some demons on it, duck it, dodge it, shake it off, yeah (yeah, aye)
Yellowbone wan' drop it on me, pool party, pull up with water
People probably plottin' on me, my people got super soakers
Red dot, fly off roller coasters, every week, I'm coast-to-coastin'
Enemies want to get closer (no, no, no, no, no)

I can't ever stay low (no, oh)
I can't ever let it show (no, oh)
Got to taste a little and I needed plenty more
All could be so simple if you learned to let it go (what)

Stole the show, put a hex on the bitch, see me next to a bitch, she cursed (yeah, yeah, yeah)
Seen that ass from the front (yes sir), this time glass is ice (blizzard)
Five band Burberry coat, throw it out, movin' out, double dash, now who wins? (Me)
Been a long time, how you been (what)? Off-
White on my shoe strings (yeah, yeah, yeah)
Zeroes, need dineros, in my country, I'm a hero (what)
From T-O-R-N-T-O, bitch, it's Gambino Terintino (me)
Goin' broke a funny joke, big pockets look like cargo (hey)
K-I-double L-A-M-O-N-J-A-R-O (what)
