

## Distance

KILLY

Shawty do the map do the distance  
Broski got the pack he efficient  
I'm the only worthy opposition  
I don't think you really know the feeling  
See me as a hero or the villain  
Probably gon see me on a building  
Penthouse higher than the mountain  
Henny bottle sippin by the fountain

Big bank roll in my back pock  
Black Range Rove when we pull up  
Doing shit I never would imagine  
Woke up in the hills with a bad bitch  
Daddy girl money living lavish  
Getting too accustomed to these habits  
No one could say I had a bad trick  
Killamonjaro comin' on in this planet, hey  
Don't lie you lovin' off a rachet  
I just flip em over like a backflip  
I was in the east end Vampin'  
Dogs on the road runnin rampant  
Funny how now she wanna meet me  
Only thinking bout her when I'm TT  
Saying that I'm busy I'm not busy  
Shorty tryna lip me, forgot she used to diss me

Every damn day tryna steal my soul  
Get it my way, only way I know  
Taking off, boy there he go  
Check the mail, got envelopes  
Shawty do the map do the distance  
I just be a man on a mission

Shawty do the map do the distance  
Broski got the pack he efficient  
I'm the only worthy opposition  
I don't think you really know the feeling  
See me as a hero or the villain  
Probably gon see me on a building  
Penthouse higher than the mountain  
Henny bottle sippin by the fountain
