

DOWN FOR ME

KILLY

It's a race up in my city who gon really get the bag
Life is what you make it we just tryna make it last
Never had no helping hand now got the upper hand
I would trade the cars the clothes the hoes to get my brother back

If I tell her that I love her bet she gonna say it back
I don't wanna fuck unless she know to arch her back
Shordy looking for the thrill this ain't wonderland
I was looking just to heal took some space but now I'm back
See these people all in person they look nothing like they post
Posting up in Mykonos but when they back they never show
I got enemies and family I'm looking over both
Only thing they got in common is the way I keep em close

Is you down for me is you down for me?
Would you paint the city red and run the town for me
Is you down for me is you down for me?
Would you paint the city red and run the town with me

I would trade the cars the clothes the hoes to get my brother back
I don't run from any man but if I did we spinning back
Put some holes up in his rover SEGA man I thank for that
Nah I'm never pulling over gotta go and change the wrap
Told bro don't need no pit stops bro just need the stove top
Diamonds on me froze ya why I keep my head hot
They always want my old hoes when they see me post up
Wanna rock my old clothes nah this ain't no thrift shop

Nah I ain't no consumer I'm supplying what they need
What you need to know to do is never bite the hand that feeds
I maneuver thru the envy and the jealousy
Gotta learn to watch your back once your heart up on your sleeve
I heard misery and company are never far apart
And the company you keep is a reflection of who you are
If not the fam or the gang I gotta keep them far

Is you down for me is you down for me?
Would you paint the city red and run the town for me
Is you down for me is you down for me?
Would you paint the city red and run the town with me

It's a race up in my city who gon really get the bag
Life is what you make it we just tryna make it last
Never had no helping hand now got the upper hand
I would trade the cars the clothes the hoes to get my brother back
If I tell her that I love her bet she gonna say it back
I don't wanna fuck unless she know to arch her back
Shordy looking for the thrill this ain't wonderland
I was looking just to heal took some space but now I'm back
