

Fast Life

KILLY

Fast life (Fast life)
Why we gotta call something the "fast life"
I don't wanna end up just like last time
Woke up the next day, I saw my last life
Yeah, on my, on my last life (Last life)
Demons on my back wherever I go (Go, go, go)
People from my past stay on my iPhone
[?] in the trap with Baby Milo
Never going back to Santa Barbara

Fast life
I don't wanna end up like the last time
Have the zip and the adder-all, it's half time
Yeah I'm in the whip, only pull up if it's cash time
I don't ever see you anymore, I don't have time
Demon on my back wherever I go
How come all these bitches wanna talk all in my iPhone
[?] where'd my mind go
Tried to call you up, but I was high though
I still have my chain, yeah, I still have my chain, yeah
I don't wanna talk now, 'cause you're so tame, yeah
I don't wanna talk now, 'cause you're playing games, yeah
Diamonds in my watch, while I'm hopping off the plane, yeah

Fast life (Fast life)
Why we gotta call something the "fast life"
I don't wanna end up just like last time
Woke up the next day, I saw my last life
Yeah, on my, on my last life (Last life)
