

Freezing Cold

KILLY

Hey, freezing cold (ouh)
Yeah, freezing cold
Wah, ouh, came out the freezing cold
Now my chains freezing cold
Pull up a big body Benz
My seats got heat control
She let me fuck, it took too long
I left her in the freezing cold

She's in, she's in freezing cold
I told her, bring a coat
Bitch if you're beggin' for poppin' those
I told her heat up some Pizza Rolls (yeah)
I don't got room for these hoes
It's young Nessly, I ain't Hugh Hefner
Take these bitches to the dog shelter
Knock 'em up, the first trimester
All this ice on my left wrist
I went automatic [?]

Hey, freezing cold
Yeah, freezing fool
If I let you ride shotgun
You gotta squeeze and boom
Yeah, rocking 6 rings at a time
Feel like I'm leaving the Bulls, yeah

(I love you Nessly)

Hey, freezing cold (ouh)

Wah, ouh, came out the freezing cold
Now my chains freezing cold
Pull up a big body Benz

All of my diamonds they froze
I double C all of my hoes
I dig in that bitch like a thong
Miss my drip, yeah I gotta shit own
My club close, shit cost me a bone
Spent a hole hundred thousand at a Gucci, shit gone
Got the shit right back, yeah Ness on a roll
Young, rich nigga, I do what I want
These niggas don't like me, they still don't want smoke
My dick in her throat, I'm making her choke
She calling me daddy, she say I'm the goat
My ex wan' text, she say I'm on a roll
If a nigga try to step, Imma let the stick glow
I'm a player, lil' nigga, that's just how the game goes
Got the trap, big, trap jumping like a fucking kango
I strike me a nigga, I don't even bowl
Let's go, let's go-o

That bitch, she feeling the melanin
I might send her home
Whooh, hey, what, yeah
Call up the scrilla, et cetera
Dick in the air like an animal
Big body Benz, it look like a Brinks Truck
I got a stack for a rainy day
Cut the bitch off like a razor blade
My heart so cold, these thots don't fold
My neck on froze, Imma pave the way, hey
She do a flip on the pole
I turn two into a four
Bro, might take your soul
