

# HAUNTING ME

KILLY

Lost up in the lights one more time  
Just one more time, we gon make it right  
Said everything was fine but that's a lie  
It's alright I'm just following the signs

I got angels in the sky and they walk with me  
Walk with me walk with me  
Grass is greener on this side  
Keep em far from me  
Far from me far from me  
But these voices in my head keep haunting me  
Haunting me haunting me  
Don't owe nobody debts cause it's all been me  
All been me all been me

They moving left I make it right  
Not even an eclipse could block the shine  
Ignorance is bliss that's why you lie  
Hit em with a blitz right off the line  
Staying out the mix I stay above  
Stuck in my abyss nowhere to run  
Knock em off the list the job is done  
Millimeter wrist it's 41

Lost up in the lights one more time  
Just one more time we gon make it right  
Said everything was fine but that's a lie  
It's alright I'm just following the signs

I got angels in the sky and they walk with me  
Walk with me walk with me  
Grass is greener on this side  
Keep em far from me  
Far from me far from me  
But these voices in my head keep haunting me  
Haunting me haunting me  
Don't owe nobody debts cause it's all been me  
All been me  
All been me  
All been

Hit em with a left then with a right  
I'm Never going back nah not tonight  
Might Spin around it once and then again  
Can't tell that if they here for me it's messing with my head  
Hoping someone's hearing all the prayers that I've said  
Started losing count of all these promises I've kept  
Walking thru the valleys with a cloud over my head  
Seen the temporary still know it's not the end  
Had to go and lift off, they countin' down  
The way I'm moving pissed off, I ride around  
She wanna suck my wrist off, she goin' down  
Try to burn the bridge off, I walk around

I got angels in the sky and they walk with me  
Walk with me walk with me  
Grass is greener on this side

Keep em far from me  
Far from me far from me  
But these voices in my head keep haunting me  
Haunting me haunting me  
Don't owe nobody debts cause it's all been me  
All been me  
All been me  
All been
