KILLY

Lean lean, drop
Gucci flops
She know I get cash
I don't trust a lot
Gengar cup
Big bands in my vault
Leanin, walk
In these Saint Laurent

She a dancer
No romancer
High as NASA
I can't land (ah)
This the xan love
This the xan love
You don't trust me
I don't trust me either too

Dancing with the demons and the divas
Molly water energy releaser
Told her that I love her then I leave her
I turned every doubter to a believer
It's that 6, 2 Mcqueens
Diamonds on me, aquafina
Neck piece like a freezer
5 stacks for the Jesus
Smoking souls with the reaper
Pour the lean by the liter
