My trip? It, it was kinda like a work thing
We didn't really have much time to see the sights
Or do anything really, so
I don't know, we pretty much stayed at the hotel

You come to me in
Perfect fitting jeans
You come to me all
Busted at the seam
You come to me
Like when I think of
A dip in the pool
Like when I think of blue
Roman column
Myself so small and muted
Like penning and
I cannot find the words yet
I expect this

When I think of you
When I think of you
When I think of you

Ah. ah, ah, ah, ah, ya

When I think of you

You come to me
A month after I'm due
You come to me a buck
And more bad news
I know you come into me crawling
When I think of
I'm Taking off
Holy wow what a view
They let us circle earth
In metal tubes
They let us fly these
Tubes across the planet!
Can't understand it

When I think of you
When I think of you
When I think of you

Ah. ah, ah, ah, ah, ya

When I think of you
When I think of you
When I think of you

Ah. ah, ah, ah, ah, ya

The thought
The thought of
Mine, mine

Ah. ah, ah, ah, ah
