

# Life: The Cruel Interlude (On God)

Kilo Kish

Why?  
Why would he  
Make us so  
Incomplete?

Stumbling around  
Searching for eyes  
Kicking at them with  
Our feet?

Lord, I know I'm asking for too much  
Lord, I know I'm asking for too much in me

Ooh its a mystery  
Why I'd even care to dream

Ooh why do I dare believe in me  
When I bleed?

My God, my God, my God, my God, my God?

Seem's like I'm a ways from  
Ways from  
Ways from  
Home

Where are you now?  
Where am I?  
Something like 7 billion  
On your mind?  
I guess I'll take a number,  
I've realized  
I'm living in a  
Cruel and diluted time  
Cruel interluded life  
Hi I'm lifeform 9 billion and three  
But you're meant to  
Know my name?  
Meant to know me?  
I've watched the winter warm up,  
Summers freeze  
Guessing we'll see what will happen  
We'll see what will happen  
'Til then

I'm trying to find my way home

Lord, I know I'm asking for too much

Ways from  
Ways from  
Home

Lord, I know I'm asking for too much

Ways from  
Ways from
