

NO APOLOGY!

Kilo Kish

I check the window
I gathered all the shapes left in my mind
Can never win you
Escape your decorations and your skin
You left me disgusted, still I fall in
Tried to find some purpose in your conflict
So rotten, I was just a child
Exhausted, I reach for your eyes

No apologizing, no apologizing here
No apologizing, oh no, oh no
Who apologizes? No apologizing here
(For me, are you looking for me?)
I don't need to say sorry
Ooh, ooh-ooh-ooh-ooh, ooh, ooh
Ooh, ooh-ooh-ooh-ooh, ooh, ooh

I can't forget you
Give anything to flip my switches off (off, off, off)
I'm past a breakthrough
Still trying to find good spirit in the cup
To kill a believer, you killed a believer
Shocked me into everything I know
I kill it, I need it, I kill it, I need it
Taste my inhibitions, burning cold

No apologizing, no apologizing here
No apologizing, oh no, oh no
Who apologizes? No apologizing here
(For me, are you looking for me?)
I don't need to say sorry
Ooh, ooh-ooh-ooh-ooh, ooh, ooh
Ooh, ooh-ooh-ooh-ooh, ooh, ooh

Downstairs (I fought the cold)
Basement (breaking my bones)
Downstairs, all the letters that you wrote, oh-oh
All the lies that you told
Downstairs (me and my enemies)
Downstairs (feel no different to me)
Downstairs, down there
I piece it together

No apologizing, no apologizing here
No apologizing, oh no, oh no
Who apologizes? No apologizing here
(For me, are you looking for me?)
I don't need to say sorry
Ooh, ooh-ooh-ooh-ooh, ooh, ooh
Ooh, ooh-ooh-ooh-ooh, ooh, ooh
Ooh, ooh-ooh-ooh-ooh, ooh, ooh (that's enough, pack it up)
Ooh, ooh-ooh-ooh-ooh, ooh, ooh
