

Outpatient Mentality

Kilo Kish

Waiting in a busy hall
While somebody old bleeds from their side
All the new parents crying
For babies with feverish eyes
All the sniffling and weeezing
Abnormal breathing
Set aside
I'm pretty sure we can beat it
Minimal recovery time
And that's fine, 'cause

We don't need
We don't need a lot
We just need
We just need enough
To fill up
The holes with
Can't take back
What we both did
We don't need
No hospital
