

## Is This The Way Love Goes?

Kim Burrell

Can somebody tell me how did love know?  
How did it know I needed it so?  
God knew I needed love  
I've been waiting for that answer to find  
Have I chosen love?  
Or is it that love chose me  
Maybe you have questions too  
About how love loves you  
Ooh love what can we say  
For me, for you, for them, for we  
Love, I believe in you  
I believe in you completely  
All of the things you do the words you say  
Always seem to show me another way  
So I'll, I'll pay close attention  
To whatever you'll ever need from me  
So, love you'll never leave me  
Oh, how I need you love  
I'll forever seek to know you  
Cause the more I know, I'll grow in you  
Because you can make me  
Just what I need to be  
So, here I am  
I'll tell the world of what love said to me  
To save me

So here I am tell me, is this the way love goes  
Is this the way love shows  
From the heart to another heart  
Show me love  
Show me my part  
I wanna use my heart  
So give me more of you  
Oh please, the more of you  
I'm paying close attention to what you need me to know  
You've held nothing from me  
So I'm ready to show, just what love is  
And what it can do for you  
And, through you  
I need you to shine through me  
I need you to flow through me  
I need you to flow, flow  
Flow through me  
Live through me  
Speak through me  
Sing to me  
Love
