

Lift Jesus

Kim Burrell

Heart to heart there is something that I care to share with you
And I know that it's the will of our Father that we totally trust him
So in spite of circumstances keep on lifting him up
Patience you will find only makes your waiting seem some much easier
Leave things up to him who is capable know that victory is in His nam
e

There's a message in my heart and I count it as my job to share it wi
th you
And I'll share it everywhere that the answer to our prayers lie in pr
aises
Lies in your Hallelujahs, thank you Jesus and Glory to ya
In spite of regardless who
All you gotta do is learn how to trust Jesus
Occupy, spend that time
Lifting Jesus

So now, now you know just what pleases our Father and causes Him to m
ove
So then at all times must you be found blessing Him
When the enemy comes tell the Lord thank you
When things begin to look a little bad
Smile and say Lord I know this too yes this too is going to pass
In God's own time will a change come
So until then we'll thank Him again and again

There's a message in my heart and I count it as my job to share it wi
th you
And I'll share it everywhere that the answer to our prayers lie in pr
aises
Lies in your Hallelujahs, thank you Jesus and Glory to ya
In spite of regardless who
Any situation all you gotta do is trust Jesus
Occupy (quit worrying about it and) spend that time
Lifting Jesus

Don't mistake God's delay for denial
He specializes in things impossible, all he wants is your praise
Oh oh oh...

Lift Jesus lift Him up
Lift Jesus lift Him up
Lift Jesus lift Him up
Lift Jesus lift Him up
Get up out of your seat, wave your hands, rejoice and have peace
Bless his name, bless his name
[x2]

Higher higher...
