

## No Ways Tired

Kim Burrell

I don't feel, no ways tired  
I've come to far from where I, started from  
Nobody told me, the road would be easy  
I don't believe, you'd bring me this far  
Just to leave me  
I don't believe, you'd bring me this far  
Just to leave me

I don't feel, no ways tired  
I've come to far from where I, started from  
Nobody told me, the road would be easy  
I don't believe, you'd bring me this far  
Just to leave me  
I don't believe, you'd bring me this far  
Just to leave me  
I don't believe, you'd bring me this far  
Just to leave me  
I don't believe, you'd bring me this far  
Just to leave me

Now he's brought me, he'll take me all, all the way

Brought me this far, Jesus brought me  
Brought me this far, he brought me  
Brought me this far, Jesus brought me  
Brought me this far
