

# Try Me Again

Kim Burrell

Finding a reason to fall away, do it again  
Never a solution, the reason that I stray  
You've been there for me  
You opened my eyes so I could see  
I'll never leave you, no, no never again

No no, no no

You've been there for me, never left me alone  
Now I'm willing to be used by, oh Lord  
You keep giving brand new mercies because You care about me  
You're holding my hand, You're helping me to stand

I say I won't fall  
Lord, I'll stand tall  
And proclaim that You've proved me time and time again

Here I am, try me, Lord, try me  
Here I am, try me, Lord, try me  
Try me again  
I'm willing to be use by You  
Try me again

At the time I fell I should have prevailed  
I'm willing to be use by You, Lord  
Try me again  
At the time I fell I should have prevailed

Try me, here I am, try me  
I'm yielding myself to You, Lord  
Here I am, try me, try me  
I'm willing to be use by You, Lord  
Use me, Lord

I'll be a student of righteous  
I'll be a lover of all mankind  
I'll be a witness for You  
Here I am, use me Lord  
Lord, I'm ready to be used by You  
So here I am, Lord  
Try me, use me, purge me, trust me, Lord  
Here I am, here I am  
Try me, use me, purge me, trust me, Lord  
Here I am, here I am  
Try me, use me, purge me, trust me, Lord  
Here I am, here I am  
I'm willing to be use by You, Lord  
I give You my mind  
I give You my heart  
Try me, use me, purge me, trust me, Lord  
Here I am, here I am  
Oh Lord, I'm right here so use me  
I said here I am  
Here I am  
I'm willing to be use by You, Lord  
Here's my heart  
Here's my mind

Here I am
