

He Makes the Sun Rise

Kim Carnes

He goes to the mountain top everyday
She goes there to hear him play
He plays good he makes sweet
He just makes me crazy

Oh he makes the sun rise
Oh he makes the sun rise
Oh he makes the sun rise
He make he make the sun rise

Only he can make her dance
When he holds her in his hands
He make love he makes so sweet
He just makes her crazy

Oh he makes the sun rise
Oh he makes the sun rise
Oh he makes the sun rise
He make he make the sun rise
He make he make the sun rise

Life is just illusioning
Dance the part and catch the ring
She knew him in a time before
A thousand years from here and now

Golden boy with your guitar
I have loved you from afar
You play good you play so sweet
You just make me crazy

Oh he makes the sun rise
Oh he makes the sun rise
Oh he makes the sun rise
He make he make the sun rise
He make he make the sun rise
