

Bleed

Kim Cesarion

True love is a little bit
I feel some, but don't feel a thing
But enough to make me say
I ain't done with you
It's not right but it isn't wrong
Too good not to carry on
I let go but I'm holdin' on
'Cause I ain't done with you

I like the way it's hurtin'
Don't want no one new
Far away from perfect
But I ain't done with you
She's tellin' me it's worth it
Maybe she's the truth
'Cause nothing's ever perfect

And I don't mind
No I don't mind
If she's good in a worse way
'Cause she's bad in a good way
I don't mind
I really don't mind
If she's good in a worse way
'Cause she's bad in a good way

And she love it when I bleed
She love it when I bleed
Yeah, yeah, yeah
(She love it, love it, love it, love it, love it)
And she love it when I...

True love is a little bit
I feel some, but don't feel a thing
But enough to make me say
I ain't done with you
It's not right but it isn't wrong
Too good not to carry on
I let go but I'm holdin' on
'Cause I ain't done with you

I like the way it's hurtin'
Don't want no one new
Far away from perfect
But I ain't done with you
She's tellin' me it's worth it
Maybe she's the truth
'Cause nothing's ever perfect

I don't mind
No I don't mind
If she's good in a worse way
'Cause she's bad in a good way
I don't mind
I really don't mind
If she's good in a worse way
'Cause she's bad in a good way

And she love it when I bleed
Yeah, yeah, yeah
(She love it, love it, love it, love it, love it)
Love it yeah

And she love it when I bleed
Yeah, yeah, yeah
(She love it, love it, love it, love it, love it)
She love it yeah
And she love it when I bleed

She love it, love it, love it, love it, love it
She love it, love it, love it, love it, love it
