Hysterics

Kim Dracula

(Just a small kid from a small town)
(They called me names and put me down)
Who's laughing now?

Do your hair and paint your eyes
Come away with me tonight
They'll never see-
Through our disguise

See ya later, I'm rich and famous
Kill the faker, masturbator
Annihilator, annihilate ya
A crying shame, huh? A bird who cannot fly

Fuckers never showed me love
Now they show me love
What the fuck I'm supposed to do with that?
I could do without

(Dracula)

They called me names and put me down, but-

Who's laughing now?
HA
Oh, can you hear it?
I'm in hysterics now

Fuckers never showed me love
Now they show me love
What the fuck I'm supposed to do with that?
I could do without
(Oh can you hear it?)
They called me names and put me down, but-
Who's laughing now?
