Kitty Kitty

Kim Dracula

Kitty been sleepin' around

Kitty gave me sugar, then she asked me if I knew her name
I wouldn't say it if I didn't
Whate-ever

Kids bop, cracker rock, shawty achy, achy breaky
I didn't mean to make her jealous
Tick-tock, on the clock, Kesha don't stop
I'm like, I'm like, I'm like, "Shawty, what happened?"

Kitty been sleepin' around
While you've been sleepin' so sound
Go shame her face in a ground
Kitty been sleepin' around

But she was just sleepin'
But she was just sleepin'
She was just sleepin'

Yeah, yeah

Kitty gave me sugar, then she asked me if I knew her name
I wouldn't say it if I didn't
Whate-v-v-v-ver

Kids bop, cracker rock, shawty achy, achy breaky
I didn't mean to make her jealous
Strip, fuck, bust a nut
Karma ch-chameleons and boys named George don't fare well, Orwell

Grit, luck, animal guts, farmed on broken promises
I'm- I'm- I'm- I'm- I'm waiting for the end of this song
Kill Zuck', yucky yuck, squash his little face with a book
Like a bug, like an ant, like an ant, like a-

Kitty been sleepin' around
While you've been sleepin' so sound
Go shame her face in a ground
Kitty been sleepin' around

Ground, down, ground, so sound
Ground, down, ground

I looked at Kitty and I knew she was up to something
Oh God, why?

There's no turning back now
