

Lost My Mind

Kim Dracula

Hello, Darling dear I stand here drenched in my own fear
I know you're blissing you've got class but there's one thing I
need to ask

Baby have I lost my mind? (Ah Ah)
Ooh baby have I lost my mind? (Ah Ah)
Baby have I lost my mind? (Ooo Ah Ah)
Ooh baby have I lost my mind? (Ah Ah)

With soul devotion, to a cause
Follow the notion, feel lost
Of no commotion, round of applause
I'd blow the ocean if it came across

Maybe a stomach full of pills will take my breath away for real
Yet better still the biggest thrill, suicide could never kill

I am just a little insecure, please don't be afraid
Mother never let me out the cupboard I could never play
Don't discuss yourself I see through your spectacular display
Mother never let me out to play
Let me out to

Baby have I lost my mind? (Ah Ah)
Ooh baby have I lost my mind? (Ah Ah)
Baby have I lost my mind? (Ooo Ah Ah)
Ooh baby have I lost my mind? (Ah Ah)

(Ah Ah)
