

It's Dark Inside

Kim Gordon

The song is breathing down my back
Breathing down my neck
Whisper in my ear, whisper in my ear, ah, yeah, yeah

Can I love you with my eyes open?
With my eyes open
Close off while you gaze
Close off to be blunt
Wanna see how I look? Fuck
To be blunt is not enough, ah

My song's breathing down my back
Breathing down my neck
Whisper in my ear, whisper my ear, ear, ear, yeah
(Breathing down my back)
(Whisper in my ear, whisper)

A flower's wilting
Take away the guilt
They don't teach clit in school
Like they do lick pussy right (Pussy galore)
Don't arrest me (Pussy bowl)
(Pussy, pussy, pussy)
Don't arrest me
I just want it
Don't arrest me

Send in the clowns
Send in the army
You want to be American
Get your gun
You're so free
You can shoot me

Lie
Still as a pebble
Hold your breath
Still as a pebble
Hold your breath

Breathing down my back
Breathing down my neck
Whisper in my ear
Whisper
It's dark inside
I'm grinding at the edges
Grind, grind, grind the edges, ah
