

# Shelf Warmer

Kim Gordon

If you wanna  
Spring the connection  
Loping past my home, well (don't hesitate)  
I'm slidin' round the gifts (don't hesitate)  
You gave me  
What does it mean?  
Are you secretly mean?  
(Is this a betrayal?)  
It's got all  
The right stuff  
No fluff

You must love me  
But you don't know me  
You don't know me

Did you get it at the gift shop?  
Did you get it at the gift shop, huh?  
At the gift shop, huh?  
It's a shelf warmer  
Warmly given (shelf warmer, shelf warmer)

Just give me a light  
Or a handshake  
Don't change a thing  
Make it smooth and shine anew

That's what you want  
Not what I want  
It's for you (should I close my eyes?)  
Does it sooth your soul  
Pet me on the inside  
Gift shop gift  
Put a bow on it (is it a surprise?)  
Carry it on your own  
Unwrap it for me  
Release me from it  
Roll me in the paper

That's what you want  
That's not what I want  
That's not what you want  
That's what you want (that's what you want)  
It's not what I want  
Return policy  
Return policy  
Gift receipt  
Gift receipt

(Gimme your hand) Just kiss me  
(Put it here) Kiss me  
Kiss me  
Kiss me

Slide around your gifts  
It's so big  
It's so bright

It's so blue
