Kim Petras

Yeah

It's Barbie and it's Kim Petras (Woo-ah)

I've been tryna give it to you all night
What's it gonna take to get you all alone?
I just want you here by my side
I don't wanna be here, baby, on my own
Yeah, don't you wait, don't think about it
Yeah, don't you wait, just come on over now
I've been tryna give it to you all night
What's it gonna take to get you all alone?

Oh, look at me
Like what you see?
I've been feelin' lonely
Baby, you got what I need
Give me what I like

Wanna feel your touch
Don't talk your talk
Unless you're gonna back it up

If you want me, let me know
Tell me now, don't hesitate (Hesitate)
You got one chance, baby, don't
Let the moment slip away, no
