

# Coconuts

Kim Petras

My coconuts, you can put 'em in your mouth  
(Right now, right now, right now, right now)  
My coconuts, watch 'em bounce up and down  
(Bounce up and down, bounce up and down)

Cocoa, I tan in lotion  
Sunsets over the ocean  
Look up, hot air balloons  
All good things come in twos  
Work them out at the gym  
Dive in and take a swim  
Everybody loves the twins  
Everybody loves the twins

So juicy and so ripe  
You wouldn't believe  
I give 'em different names  
Mary Kate and Ashley  
They ask me what's my size  
Just give 'em a squeeze  
Strawberry, mango, lime  
Don't compare to these

My coconuts, you can put 'em in your mouth  
(Right now, right now, right now, right now)  
My coconuts, watch 'em bounce up and down  
(Bounce up and down, bounce up and down)

Cocoalicious  
Dripping down your face  
So delicious  
Bet you want a taste  
My coconuts, you can put 'em in your mouth  
(Right now, right now, right now, right now)

Ooh la la la la la  
Whipped cream, cherry on top  
Ice cream, sweet cocoa puff  
Tight jeans, tropical pop  
Ooh ma, ma-ma, give me a  
Piña Colada-da-da  
Look at these margarit-ta-tas  
Look at these margarit-ta-tas

So juicy and so ripe  
You wouldn't believe (believe)  
I give 'em different names  
Cartier and Tiffany  
I know you want a bite  
Get your face in these (in these)  
I see 'em in your eyes  
So meet the double D's

My coconuts, you can put 'em in your mouth  
(Right now, right now, right now, right now)  
My coconuts, watch 'em bounce up and down  
(Bounce up and down, bounce up and down)

Cocoalicious  
Dripping down your face  
So delicious  
Bet you want a taste  
My coconuts, you can put 'em in your mouth  
(Right now, right now, right now, right now)
