

# Deeper

Kim Petras

Do you want to go deeper, deeper?  
Than anybody's ever been before you, babe

Mascara on, my hair's messed up, let's get it goin'  
Dom Perignon, my head's been spinnin' all night long  
Champs-Élysées, so high, G5, to Saint-Tropez  
Just you and me all night, all day, I'm down to play

I know you've been hurt before  
Close your heart and lock the door  
You don't want to lose control  
Baby, I just gotta know

Do you want to go deeper, deeper?  
Than anybody's ever been before you, babe  
Do you want to go deeper, deeper?  
I just really need to know where you wanna go  
Do you want to go deeper, deeper?  
Than anybody's ever been before you, babe

I don't schedule, if you wanna get me, get flexible  
Forget the yard, the pool, the Bentley's  
So fashionable you're lasting all season, yeah  
Lasting all season, ah  
Make you believe in love  
Can you get deep enough?  
Can you get deep enough?

I know you've been hurt before  
Close your heart and lock the door  
You don't want to lose control  
Baby, I just gotta know

Do you want to go deeper, deeper? (Ah)  
Than anybody's ever been before you, babe  
Do you want to go deeper, deeper? (Deeper, deeper babe)  
I just really need to know where you wanna go  
Do you want to go deeper, deeper? (Oh, deeper baby, baby)  
Than anybody's ever been before you, babe (Anybody's been before you, babe; Ah)

Woo-ah!  
(Anybody's been before you, babe)
