

Dirty Things

Kim Petras

If you wanna come, come through
Anyway you like, I'll do
Bed or on the floor, you choose
I just wanna do dirty things to you
If you wanna come, come through
Anyway you like, I'll do
Bed or on the floor, you choose
I just wanna do dirty things to you

I've been touchin' myself, you've been on my mind
I've been taking pictures and I know you like
You're my new obsession, in my dirty mind
You got something special, oh, you know I wanna try

Close your eyes, take your time
You've got me tonight
I wanna know what you're thinking
Hold me tight, touch it right
'Til I'm satisfied
Can you feel the connection? (Yeah)

If you wanna come, come through
Anyway you like, I'll do
Bed or on the floor, you choose
I just wanna do dirty things to you
If you wanna come, come through
Anyway you like, I'll do
Bed or on the floor, you choose
I just wanna do dirty things to you

For you, for you, I would do it all for you (For you)
For you, for you, go another round or two
Do a little drugs with you
Maybe fall in love with you, maybe for a day or two
Now let's go shopping
Never mind let's just get fucked up all the time
Let's keep it rocking, yeah

And you can do whatever you like, what you want with my body
And you can have whatever you want, what you need I got it
I know you like 'em sexy with an attitude
Get me outta my attire, boy keep it going all night

If you wanna come, come through
Anyway you like, I'll do
Bed or on the floor, you choose
I just wanna do dirty things to you
If you wanna come, come through
Anyway you like, I'll do
Bed or on the floor, you choose
I just wanna do dirty things to you

Woo-ah!
Come on
Uh
