

Sex Talk

Kim Petras

I like sex talk
Can you make my bed rock?
Something big to measure
Make me feel the pressure
Baby, I like sex talk
Can you make my bed rock?
Something big to measure
Make me feel the pressure

Baby, I like
When you talk to me, it turns me on
And I love your attention
Give it to me, give it to me, c'mon
I need all your affection

Just tell me what you need
All your fantasies
All of your desires
Your secret's safe with me
Feels like ecstasy
I'll be your supplier

Baby, I like sex talk
Can you make my bed rock?
Something big to measure
Make me feel the pressure
Baby, I like sex talk
Can you make my bed rock?
Something big to measure
Make me feel the pressure

Baby, I like
Anything you wanna do, sex talk
Anywhere you wanna go, sex talk
Anytime you wanna do sex talk
Sex-talk to me, talk
Anything you wanna do, sex talk
Anywhere you wanna go, sex talk
Anytime you wanna do sex talk
Sex-talk to me, talk

Ooh, baby, baby, you know you drive me crazy
Ooh, baby, with every word you saying
Ooh, baby, baby, say it one more time
Keep talking, baby, keep talking, baby

Baby, I like sex talk
Can you make my bed rock?
Something big to measure
Make me feel the pressure
Baby, I like sex talk
Can you make my bed rock?
Something big to measure
Make me feel the pressure

Baby, I like sex talk
Can you make my bed rock?

Something big to measure
Make me feel the pressure
Baby, I like sex talk
Can you make my bed rock?
Something big to measure
Make me feel the pressure

Baby, I like sex talk
Can you make my bed rock?
Something big to measure
Make me feel the pressure
Baby, I like
