

## Every River

Kim Richey

Once upon a time somewhere in your past  
Someone said, "Forever," but the promise didn't last  
Now you don't believe love is ever true  
You steel yourself against the day when I stop loving you.

When the day comes that I don't love you  
Every star will fall out of the sky  
And every mountain will tumble down  
And every river run dry.

For every drop of rain that ever touched the ground  
For every tear that ever fell and never made a sound  
I'll be there to hear you call  
And I'll be there to catch you, baby, should you ever fall.

When the day comes that I don't love you  
Every star will fall out of the sky  
And every mountain will tumble down  
And every river run dry.

When the day comes that I don't love you  
Every star will fall out of the sky  
And every mountain will tumble down  
And every river run dry.

And every river run dry...
