

## Already Have (Bear's Song)

Kim Walker-Smith

Jesus Christ, King of all  
Everything at Your name has to fall  
Darkness runs at the sound  
Everything at Your name has to bow

Peace has overcome my heart so worry never can  
Hope has taken back that space disappointment had  
I believe Your promises above my circumstance  
Fear could never conquer me 'cause You already have

Jesus Christ, King of all  
Everything at Your name has to fall  
Darkness runs at the sound  
Everything at Your name has to bow

Peace has overcome my heart so worry never can  
Hope has taken back that space disappointment had  
I believe Your promises above my circumstance  
Fear could never conquer me 'cause You already have

All the way through the night, You've got armies of angels  
Assigned to my life, I've got nothing to fear  
I surrender the fight, to the One who is greater  
Right here by my side, I've got nothing to fear  
All the way through the night, You've got armies of angels  
Assigned to my life, I've got nothing to fear  
I surrender the fight, to the One who is greater  
Right here by my side, I've got nothing to fear

Peace has overcome my heart so worry never can  
Hope has taken back that space disappointment had  
I believe Your promises above my circumstance  
Fear could never conquer me 'cause You already have  
Peace has overcome my heart so worry never can  
Hope has taken back that space disappointment had  
I believe Your promises above my circumstance  
Fear could never conquer me 'cause You already have

Oh, fear could never conquer me 'cause You already have  
Fear could never conquer me 'cause You already have
