

Chasing Sunlight

Kim Walker-Smith

Barefoot, skipping stones, climbing trees far from home
Two kids in the west, we didn't know it yet
Sixteen years from now, we'd figure it out
In the meantime, we were chasing sunlight

Oh, oh-oh, don't wanna let the moment go
Oh, oh-oh, don't wanna hear time to go home
Oh, oh-oh, can't we find a way to make it slow down?

Same city, same time, the smile in your eyes
Walk in the park, had us talking 'til dark
A suit and a dress, the day we said, "Yes"
To having a life chasing sunlight

Oh, oh-oh, don't wanna let the moment go
Oh, oh-oh, anywhere you are is home
Oh, oh-oh, can't we find a way to make it slow down, slow down?
Slow down, slow down

Working full time, happy and tired
Three kids in the north, couldn't ask for more
A house and some land, best kind of romance
Our family outside, under big sky
It's still you and I, chasing sunlight

Oh, oh-oh, don't wanna let the moment go
Oh, oh-oh, feels like we're finally home
Oh, oh-oh, can't we find a way to make it slow down, slow down?
Let's slow down (Oh, oh)
Oh-oh, slow down (Oh)
Slow down (Oh) oh-oh, oh, oh
Slow down
