

Fresh Outpouring

Kim Walker-Smith

Renew us in this day
Just like You said You would
Your Word is not in vain
Our hearts reaching heavenward

Fresh outpouring
Tear the fabric open
Come, Jesus come
Breath of heaven
Nothing left unshaken
We long for more
We need a fresh outpouring
Unleash a fresh outpouring
We need a fresh outpouring
Unleash a fresh outpouring

As temporary fades
Let glory invade this earth
Your power on display
Our eyes looking heavenward

Fresh outpouring
Tear the fabric open
Come, Jesus come
Breath of heaven
Nothing left unshaken
We long for more
We need a fresh outpouring
Unleash a fresh outpouring
We need a fresh outpouring
Unleash a fresh outpouring

There is fire, stirring in our bones
A shout is rising, rising up inside
Soak the earth, come and fill our hearts
Your voice is calling, calling us to life!
We need a fresh outpouring
Unleash a fresh outpouring!
We need a fresh outpouring
Unleash a fresh outpouring!
Make a way where, I see none!
Make a way where, I see none!
Let the waters rise in the desert
Let the waters rise in the desert!
Fresh outpouring

Fresh outpouring
Tear the fabric open
Come, Jesus come...
