

# Never Gets Old

Kim Walker-Smith

In the midst of glory  
In the midst of wonder  
I won't take what's holy  
And treat it as familiar  
In the midst of beauty  
In the midst of Heaven  
I won't take for granted  
The power of surrender

This place this place  
It never gets old  
I could worship You forever  
There's just nothing  
Like Your presence  
This place this place  
It never gets old  
I could worship You forever  
There's just nothing  
Like Your presence Jesus Jesus

Nothing Your presence

In the midst of healing  
In the midst of breakthrough  
In the midst of all things  
I will choose to praise You  
In the midst of healing  
In the midst of breakthrough  
In the midst of all things  
I will choose to praise You

This place this place  
It never gets old  
I could worship You forever  
There's just nothing  
Like Your presence  
This place this place  
It never gets old  
I could worship You forever  
There's just nothing  
Like Your presence Jesus Jesus

There's just nothing like Your presence no

How could I do anything else  
But love You, I love You  
How could I do anything else  
But fall more in love with You  
How could I do anything else  
But want You I want You  
How could I do anything else  
But fall

How could I do anything else  
But love You, I love You  
How could I do anything else  
But fall

How could I do anything else  
But want You I want You  
How could I do anything else  
But fall

I love  
I love  
I love Your presence Jesus Jesus  
Nothing compares to You

This place this place  
It never gets old  
I could worship You forever  
There's just nothing  
Like Your presence  
This place this place  
It never gets old  
I could worship You forever  
There's just nothing  
Like Your presence Jesus Jesus  
Oh, there's just nothing like Your presence  
Nothing like Your presence Jesus

Nothing nothing compares to You

This place this place  
It never gets old  
I could worship You forever  
There's just nothing  
Like Your presence  
This place this place  
It never gets old  
I could worship You forever  
There's just nothing  
There's nothing that compares  
Nothing that compares  
How I need your presence Jesus  
How I need your presence Jesus in my life, in my life, in every moment  
I live on every word You're speaking  
Jesus yes  
This place this place  
Can never get old  
'Cause You do a new thing  
You're doing a new thing  
And every time I step into Your presence, Jesus  
You meet me right where I am  
And change everything  
You change everything

You guys for just a moment  
Can you just stir up the hunger inside of you for more  
If you don't feel hungry for more of Jesus just ask him  
Ask him  
Say, "Jesus come stir up the hunger inside of me for more of You, for more o  
f Your presence."

You know there's it's not like there's something special about coming up fro  
nt  
It's not like there's more of God here than ... back there but there's somet  
hing powerful about taking a step and act whether it's moving to the front o  
r it's raising your hands or it's opening your mouth and speaking out the wo  
rds  
There's something really powerful about the actual act of putting into actio

n your desire, your hunger, your need, your cry for Jesus  
To say, "Yes, I am hungry. Yes, I need you, Jesus. Yes, I want more of You, Jesus."  
And some times those feelings of complacency, those feelings that say, that that voice that says, "Oh, you're fine. You don't got to do this. You don't got to do that. You have Jesus. You know Jesus. You love Jesus."  
Some many times that's the voice that's keeping you on the other of break through  
But you break through lies on the other side of your faith, your step, your act of faith  
To step into something  
So can we for just a moment  
Can you, can you take that step?  
Whatever it looks like for you  
Whether it's speaking something out, or singing out, or lifting your hands, moving out of your seat, whatever it is  
That we can just for a moment just lift our voices and our hunger and stir up that hunger inside of us for Jesus  
For more of Jesus  
To say that there truly is nothing like Your presence  
Thank you, Jesus, that your presence does not sit boxed in the building that we call "a church"  
But that Your presence is a light inside of us  
And the whole point of what You did on the cross, Jesus, was that Your presence would be carried out to the ends of the earth  
Jesus, that you would cover this earth with Your presence  
And that every man, woman and child every knee would bow to Your name, Jesus  
And that we would worship You, Father, with all we are and all that we have  
Because You are so good, and so worthy, and so deserving, Jesus  
That there truly is nothing like Your presence, Jesus  
There is nothing, there is no one like You, Jesus  
Come on  
Can you stir that up, that faith inside of you  
If you don't know where to start  
Start with gratitude  
Start with thankfulness  
A thankful heart prepares the way  
Remember where He saved you from  
Remember the pit that He pulled you from  
Remember those chains that He broke from your life  
Remember when He set you free  
Let that thankfulness and that gratitude be stirred up inside of you tonight  
As you remember your first love  
As you remember Jesus and what He has done  
And as you press in and say  
I want more  
I want more  
I want more  
I want more  
I need  
I need more of You, Jesus  
I need more  
I need more  
I need more of You, Jesus  
Come, Jesus, come  
  
Come on, keep going, keep going  
  
How could I do anything else  
But love You, I love You  
How could I do anything else  
But fall on my knees and worship  
How could I do anything else

But want You I want You  
How could I do anything else  
But fall

How could I do anything else  
But love You, I love You  
How could I do anything else  
But fall, yeah  
How could I do anything else  
But want You I want You  
How could I do anything else  
But fall

How could I do anything else  
But love You, I love You  
How could I do anything else  
But fall, yeah  
How could I do anything else  
But want You I want You  
How could I do anything else  
But fall, yeah

We love  
We love You, Jesus  
We love You, Jesus  
We love You, Jesus  
We love You, Jesus
