

# Only Jesus Could

Kim Walker-Smith

I can't save myself, I can't heal my hidden scars  
I have tried and still, I can't change my guilty heart

Only Jesus could reach through my shame  
Can't believe He would shoulder the weight  
There's nothing and there's no one who'd die in my  
Place  
To change my life for good, only Jesus could

I won't buy the lie that I can do it on my own  
'Cause I'm not Jesus Christ and I'm not seated on the  
Throne

Only Jesus could reach through my shame  
Can't believe He would shoulder the weight  
There's nothing and there's no one who'd die in my  
Place  
To change my life for good, only Jesus could

For every fault, every stain, every failure  
You are the way, the road back to grace  
I confess I'm in need of a Savior  
Every moment and every day  
For every fault, every stain, every failure  
You are the way (You are the way), the road back to grace  
I confess I'm in need of a Savior  
Every moment and every day  
Every moment, every moment  
Jesus, You're the way, the only way  
Jesus

Only Jesus could reach through my shame  
Can't believe He would shoulder the weight  
There's nothing and there's no one who'd die in my  
Place  
To change my life for good, only Jesus could  
Only Jesus could reach through my shame  
Can't believe He would shoulder the weight  
There's nothing and there's no one who'd die in my  
Place  
To change my life for good, only Jesus could  
Only Jesus could  
Only Jesus could  
Only Jesus could
