

# Amoureux Des Rêves

Kim Wilde

I been spending all my days watching everything you do  
Oh I gotta find a way to get my body next to you  
Yeah there's something in your eyes, tells me that you feel it too  
I can't breathe  
Can't sleep  
Try to run can't move and it's taking me over

You're a dreamlover  
Whatever you got, you gotta gimme some  
Be my dreamlover  
Ready or not, you gotta give me some

Watch the rhythm of your dance  
Feel you hypnotise my soul  
Dreams are slipping thru my hands  
I'm trying not to lose control  
There's a fire in my heart, but I know tonight will feel so cold

I want you to want me  
Need love right now and it's taking me over

You're a dreamlover  
Whatever you got, you gotta gimme some  
Be my dreamlover  
Ready or not, you gotta give me some  
(Baby I need it)  
Be my dreamlover  
Ready or not, you gotta give me some, give me some, give me some

Oh, j'ai tant rêvé d'être ton rêve  
Enfin je suis dans ton coeur  
Enfin je viens dans ta vie  
Réel, Irréel

Be my my lover  
(Baby I need it)  
Dreamlover  
(Baby got to have it)  
Baby yeah

You're a dreamlover  
Whatever you got, you gotta gimme some  
(Baby I need it)  
Be my dreamlover  
Ready or not, you gotta give me some  
(Baby got to have it)  
You're a dreamlover  
Whatever you got, you gotta gimme some  
(Baby I need it)  
So be my dreamlover  
Ready or not, you gotta give me some, give me some, give me some
