

# Kandy Krush

Kim Wilde

There's a light, there's a light, there's a light in your eyes  
tonight,  
Feeling high, feeling high so high I'm gonna fly tonight.

Wanna know what I'm feeling?  
Something here needs revealing.  
Come here baby got to show you or I swear  
I'm gonna die tonight!

Take a chance make it nice and slow... oh oh oh...  
Touch me I'll follow and I'll show you where to go.  
Don't be scared of this taste so sweet,  
Is this a Kandy Krush I'm feeling?

Push the button, push push push the button cos  
Its right tonight.  
Do you want to take a chance cos you know  
I really might tonight.  
Wanna know what I'm feeling?  
Something here needs revealing.  
Come here baby got to show you cos  
I swear I'm gonna die tonight.

Taste so sweet, I want Kandy...  
Taste so sweet, I want Kandy...
