

Shame

Kim Wilde

(If we lose our love it's a shame)
(If we lose our love it's a shame)
(If we lose our love it's a shame)
(Mever gonna find it again no baby)
(If we lose our love it's a shame)
(Never gonna find it again no no no)

Shame
Burning keep my whole body yearning
You got me so confused it's a shame
Sometimes I think I'm going insane
Still I wanna stay
(Back in your arms that's where I wanna be)
Where I wanna be (Wanna be)
(Back in your arms that's my high)
High

Shame
Ooh my mamma says you're playing a game
And what you do to me is a shame
Ooh wouldn't wanna live through the pain
Mamma just don't understand

(Back in your arms that's where I wanna be)
Where I wanna be
(Wanna be)
(Back in your arms that's my high)
High

I can't get enough
(Ooh) Ooh baby enough of that magic touch
Love is in my heart, tearing the rules apart
So why should I be ashamed

Shame
Only love can beat the pain
And if we lose our love it's a shame
Ooh I wouldn't want to live with the pain
Gonna stay forever

(If we lose our love it's a shame)
Oh no
(If we lose our love it's a shame)
(Never gonna find it again no) no (no) no (no) no

I can't get enough
Ooh baby enough of that magic touch
Love is in my heart, tearing the rules apart

Ooh it's a ooh
(Shame)
Gonna stay forever
(Shame)
Only love can beat the pain
No no no
(Shame)
Mamma says you're playing a game

Mamma just don't understand
(Shame)
What you do to me is a shame!
