

## Stereo Shot

Kim Wilde

Oh my God, it's system overload  
Exceed yourself, you'll crash till you implode  
Transmission of a new vibration sounds  
No limitations drag you underground

Pleasure, pleasure, pleasure  
Building the pressure  
Till you explode

Stereo Shot like a gun  
Once fired it's outta control  
The danger is half the fun  
Stereo Shot like a gun  
Inject it straight to your soul  
And into your world, oh-oh

Oh my God, it's system overload  
Intoxicate your taste for radio  
Remission of the waves as they resound  
With pure addiction, feed your kicks for sound

Pleasure, pleasure, pleasure  
Building the pressure  
Till you explode

Stereo Shot like a gun  
Once fired it's outta control  
The danger is half the fun  
Stereo Shot like a gun  
Inject it straight to your soul  
And into your world, oh-oh

Pleasure, pleasure  
Remission of the waves as they resound  
Pleasure, pleasure, pleasure  
Feed your kicks for sound  
Pleasure, pleasure

Stereo Shot like a gun  
The danger is half the fun  
Stereo Shot like a gun  
Inject it straight to your soul  
Into your world, oh-oh
