

Toys (Did The Mail Come Yet?)

Kimberley Locke

I woke up this morning, one thing on my mind
Will it be express, snail, or pine?
My toy
So is it coming? So is it there?
Is anybody listening? No one seems to care,
My toy
You said be patient, so I ate my lunch
Filled up my belly and waited a bunch
My toy

There's a knock at the door, is it for me?
A special delivery, no it's for my dog
"Mom check your phone, is it on its way?"
The longest day ever, guess I'll go out to play

Daddy says tomorrow, Mommy says today
When it gonna be, tomorrow or today?
My toy
Two days gone by this is no fun
Every truck I see I think it's for me
My toy

Brushing my teeth now I gotta floss
The thought crossed my mind, maybe it got lost
