

What I Gotta Do

Kimberley Locke

What I gotta do
What I gotta do to get through to you?
Baby can you feel me?
It hurts for me to think about leaving you,
Tell me what I gotta do.

Six months ago, we reconnect with so much passion
Yo what happened, I can't imagine
I was feeling you, you were feeling me, so much affection
Thought we were moving in the right direction.

I wanted you to be my man
Now I just don't understand
What the hell has gotten into you!

You lie around watching TV while I am cookin',
Wearing some lingerie but you ain't lookin'.
Wait up for you to come to bed and lit some candles
To get it going but you don't notice.

The nights we shared, the laughs we had
What happened to the man that used to put me first?
How can we take it back to yesterday?
Cuz damn I really wanna stay, what I gotta do?
