

# Defying Gravity

Kimberley Walsh

Something has changed within me  
Something is not the same  
I'm through with playing by  
The rules of someone's else's game

Too late for second guessing  
Too late to go back to sleep  
It's time to trust my instincts  
Close my eyes and live

It's time to try defying gravity  
I think I'll try defying gravity  
Kiss me goodbye, I'm defying gravity  
And you won't bring me down

I'm threw accepting limits  
'Cause someone says they're so  
Something's I cannot change  
Until I try I'll never know

Too long I've been afraid of  
Losing love I guess I lost  
Well if that's love  
It comes at much too higher cost

Until then I'm defying gravity  
Kiss me goodbye I'm defying gravity  
I think I'll try defying gravity  
And you won't bring me down

Holding until  
My future is holding until  
And I just had a vision  
Almost like a prophecy  
I know

It's time to be crazy  
And true the vision's hazy  
But I swear someday I'll be  
Flying so high

I'm defying gravity  
Kiss me goodbye I'm defying gravity  
So if you can't find me  
Look to the west and sky  
Yes someone told me lately  
Everyone deserves a chance to fly

I'm defying gravity  
You won't bring me down  
Bring me down  
Bring me down
