

# Found Better

Kimberly Cole

(Verse)

So you think the grass is greener  
That's okay, that's okay, that's okay  
But tell no one you have your signal  
But that's alright, but that's alright, that's okay

(Chorus - part 1)

Don't ask "am I single?"  
Don't you need something good to find something better?  
'Cause once you realize you had the best  
The best just found better  
The best just found better

(Chorus - part 2)

I'm not looking at you  
Just looking past you  
I know that you're sorry, it's passed up  
'Cause once you realize you had the best  
The best just found better

(Verse)

It's looking like my grass is greener  
You left me dry but again need a sprinkler  
Throwing up the middle finger  
That's my world, fuck my world  
Fuck, just say it

(Chorus - part 1)

Don't ask "am I single?"  
Don't you need something good to find something better?  
'Cause once you realize you had the best  
The best just found better  
The best just found better

(Chorus - part 2)

I'm not looking at you  
Just looking past you  
I know that you're sorry, it's passed up  
'Cause once you realize you had the best  
The best just found better

(Bridge)

So you think the grass is greener  
Throwing up the middle finger  
You left me dry but again need a sprinkler  
That's alright, that's alright, that's okay

(Chorus - part 1)

Don't ask "am I single?"  
Don't you need something good to find something better?  
'Cause once you realize you had the best  
The best just found better  
The best just found better

(Chorus - part 2)

I'm not looking at you  
Just looking past you

I know that you're sorry, it's passed up  
'Cause once you realize you had the best  
The best just found better
