

Getaway

Kimberly Cole

Too much of a good thing
Could make you go crazy
Fall apart

There was just something
That can be you least see me
From the start

Walk right
Talk right
Open my mind

This kind of means
You're wishes are hard to find

Is really this perfect
Or am I just blind
Cause it's just too good
And it's just ain't right

Walk to
Need to
Take myself on my escape

Can't take you
Away you
Are the reason I gotta turn

Gotta drive my getaway
My getaway
My getaway
Gotta get away

My getaway
My getaway
My getaway
Gotta get away

So what got into me
To make me decide to run so fast

Cause he was the best one
No doubts, no questions ever
Not a guess

Who I'm with?
My stubborn fright
Carrying my baggage
Never let me try

Is really this perfect
Or am I just blind
Cause it's just too good
And it's just ain't right

Walk to
Need to

Take myself on my escape

Can't take you
Away you
Are the reason I gotta turn

Gotta drive my getaway
My getaway
My getaway
Gotta get away

My getaway
My getaway
My getaway
Gotta get away

I gotta get away
I gotta get away
I gotta get away

I gotta get away
I gotta get away
I gotta get away

Walk to
Need to
Take myself on my escape

Can't take you
Away you
Are the reason I gotta turn

Gotta drive my getaway
My getaway
My getaway
Gotta get away

My getaway
My getaway
My getaway
Gotta get away

My getaway
My getaway
My getaway
Gotta get away

My getaway
My getaway
My getaway
Gotta get away
